R: _____

- 2) Choose the correct alternative to answer the questions. (Escolha a alternativa correta para responder as perguntas.)

SUSTAINABLE AGRICULTURE

Visiting a farm today leaves one mesmerised by the sheer amount of technological progress that would have been unfathomable for our ancestors. But with new opportunities come new challenges. Climate change, as well as a political shift to more environment-conscious decision-making, has shifted the question of farming from "what" we produce to "how" we produce.

Learn more 

2.1. What are the new challenges to agriculture?

- a) () They are the sheer amount of technological progress and their ancestors.
b) () They are climate change and the political shift to more environment-conscious decision-making.
c) () They are the question farming "what" they produce.
d) () They are the new opportunities how they produce and sell the food.
